## WEEKLY CROP REPORT

**Temperature Below Average—Corn Prospects Continue Favorable—Outlook for Apples Good—Fall Plowing in Progress.**

Though the days last week were warm enough the nights were too cold and the average weather below normal. There was a total lack of rainfall, but on the whole the week was favorable to crop. The crop and climatic bulletin of the weather bureau for the week ending Sept. 12, issued yesterday morning by Director Burns, says:

"The mean temperature during the week was slightly below the seasonal average. The days were warm and the nights rather cool. There was an almost total lack of rainfall, and while the soil is in good condition in most localities, plowing was retarded or suspended in other localities on account of the dry, hard condition of the ground. In some sections fall plowing is finished and some seeding has been done, but the coming of rain is awaited before seeding will become general.

"The weather during the week has been favorable for corn and it is slowly advancing toward maturity. The previous statement that a large proportion of the crop will be safe from injury by frost by Oct. 1 is confirmed by later reports. As Oct. 1 is the average date of first frost killing, in the region of heaviest production, the safety of the crop is reasonably insured.

"Pastures maintain a good condition in some localities and are getting short and need rain in others. Clover hulling is in progress with the yield averaging from fair to good. Millet hay is yielding a fair crop. Cowpeas and broom corn are being harvested under favorable conditions with good output.

"The outlook for apples in the northern district and in portions of the central district is decidedly more favorable than previously reported. In some localities of the districts named a fair crop will be gathered; elsewhere the prospects are very discouraging. Grapes are ripe and will afford an abundant harvest of good quality. Plums and pears are promising.

Canning works are preserving large quantities of sugar corn, tomatoes and cucumbers. A good onion crop is indicated. Irish and sweet potatoes are being dug with highly satisfactory results.

Reports of central districts are as follows:  
Champaign, Urbana—Warm weather and sunshine very beneficial to the corn, which will mature about Oct. 1, with good weather; fall wheat average will be light, as usual in this locality; some fall plowing being done.—J. L. Buck.

Vermilion, Catlin—Weather dry and warm; corn maturing rapidly, but will be less than average crop; clover heavy and seed yields well; wheat is now being sown; pasturage good; peaches, grapes, plums and apples abundant.—F. M. Curtis.

Shelby, Mowqua—A good week for corn, but crop will need good weather until Oct. 1 or later to mature; potatoes good in yield and quality; peaches and apples few.—H. F. Day.

Piatt, Vorehis—Favorable weather for maturing of corn, which will be safe by Sept. 20; wheat ground plowed, but rain much needed to pre-

pare the soil for seeding; pastures good; potatoes fair; apples all fallen off the trees.—H. Ruddock.  
Peoria, Dunlap—No rain during the week and ground too dry for plowing; pastures good; threshing done; yield fair; old corn being shelled; corn crop will require two weeks to mature.—Truitt Rice.

Madison, Livingston—Weather is warm and dry and corn ripening rapidly; rain needed for plowing; pastures good; stock healthy.—H. Hoffman.

McLean, Leroy—Ideal weather for ripening corn, but a few weeks still needed to mature the crop; canning factories in active operation; fall plowing in progress; some pastures getting short; apples fair yield; grapes and pears plentiful; some peaches.—W. H. Howard.

Logan, Eldon—Corn maturing nicely; rain needed for fall plowing; small acreage of wheat being sown; potatoes and grapes fair crop; pastures doing well and stock in good condition.—B. R. Mowry.  
Tazewell, Fidelity—Cool weather, corn backward; some growth of clover; poor; pastures good; stock doing well; ground being prepared for seeding; potatoes heavy crop; all other vegetables and fruits poor yield.—F. A. Price.

Jasper, Wheeler—Dry weather, with cool nights; corn ripening slowly; potatoes mostly dug and yield better than for many years; pastures in fine condition; very little fall plowing done; scarcely any wheat will be sown.—R. D. K. Price.

## RAILROAD NEWS NOTES

### Wreck on Wabash Near Paris—Many Changes Made Among Wabash Agents—Other Items.

M. Douglas Stewart, superintendent of motive power for the C. P. & St. L., was in Springfield Tuesday on business interests.

Engineer J. Faulk of the Burlington, between Beadstown and Litchfield, is laying off for a short vacation.

Engineer Felton, of the Alton, pulling train 19, has been assigned the 700.

The C. & A. brought in two cars of pupils and a baggage car for the Blind Tuesday on 19. The pupils are mainly from Chicago and its vicinity.

A bad wreck occurred on the Wabash about 11:30 o'clock Monday evening, on the western division just out of Paris. The first section of No. 86 had stopped to get water on a trestle at the foot of a grade and the second section crashed into its rear. A car of oil in front of the caboose burst and the oil became ignited. The caboose and trestle were consumed. The fireman on the second section jumped to save himself and broke his leg. No one else was injured. The damage was considerable and all traffic had to be routed around another way. The cause of the western division wreck could not be used to carry supplies to repair the trestle. It was expected to have the track in shape by Tuesday night.

John Hatfield, operator at Chapin, has been promoted to agent at Lanesville. The agent at Lanesville has been transferred to Buffalo, while the Buffalo agent goes to Griggsville and the Griggsville agent receives the position at Chapin.

E. L. Wright, traveling passenger agent of the Burlington, was in the city Tuesday on business.

E. K. Carruthers, chief watch inspector of the Alton, was in the city Tuesday attending the Gun club shoot.

Dan Fernandes, tower man at the Wabash, and family are spending a few days at the fair.

Wabash engine 760 passed through here Tuesday on its first run out of the shops.

The Wabash middle division, or this division, has been lengthened to 170 miles. Formerly the division extended from Springfield to Hannibal, but it now extends from Springfield to Moberly, Mo. This will give the crews a chance to increase their pay checks with the extra mileage.

A remarkable blockade occurred on Monday in the local yards of the Wabash. Six trains were in the yards at one time about 1:30 o'clock p. m. They were: No. 9, the passenger west; locals Nos. 70 and 71; first section of No. 92; No. 91, and extra 502 west. All of the trains of the division were here with the exception of No. 23 and second 92. It is estimated that fully 250 cars were in the yards at the time.

It was reported on good authority Monday that a new master mechanic is to be appointed at the Springfield shops of the C. P. & St. L. Where P. E. Brady, the present incumbent, will go is unknown.

## WOMAN'S COLLEGE

### Conference Report Speaks in Splendid Terms of the Well Known Educational Institution.

The Illinois conference on Monday unanimously adopted the report of the committee of education in its item on the Illinois Women's college, the draft having been prepared by C. F. McKown, member of the committee, and detailed to that duty. The report reads as follows:

We rejoice greatly in the continued and constantly increasing growth and prosperity of this institution, whose patronizing territory, by virtue of its being the only one of its kind, embraces a vast domain; and with satisfaction we note the official commendation of the college and its work by the Southern Illinois, the Northwest Indiana, the Northern Indiana, the St. Louis and the Missouri conferences, and the appointment of visitors from the same.

The school will be again crowded at its opening, Sept. 14. Last year 240 students were enrolled.

It is with great sorrow that we record, during the year, the death of three of the trustees, liberal patrons and life-long friends of the college, all, namely: the Rev. C. R. S. McElfresh, David H. Lohr and Mrs. Minerva Dunlap Scott.

It is with regret that we record also the resignation of the alumnae trustee, Miss Mary S. Pogram, for reasons of continued ill health. In her stead we recommend the appointment of Mrs. Marietta Mathers Rowe, '75.

Recognizing the proven ability of the president, Dr. Joseph R. Harker, endorsing most fully his administration and sharing his hopes for a greater future, it is with signal satisfaction we receive notice of the action of the trustees in extending his term to 1918—covering the period of twenty-five years as president. We join also in the special recommendations of the board of trustees to advance the standard of the college to the regular collegiate grade as required by the university senate of the Methodist Episcopal church, as soon as it can be done with financial safety; and that a vigorous movement, looking towards securing \$100,000 for endowment and \$50,000 for building and equipment, urging upon the pastors of the Illinois conference and the alumnae of the college co-operation to this end.

We have to report that during the past year more than \$11,000 has been added to the assets of the college. The self property, east of the college, has been bought, and upon it has been erected a boiler house and electric light plant, at the cost of \$30,000. This addition provides for future enlargements, furnishes laundry and also living room for college help.

For the health and harmony, prosperity and prospects that the records of the year disclose, and for the spiritual blessings that have filled the year, we give God praise. And we would remind all friends that with these enlarged equipments there comes increasing demands.

The institution is in need of generous patrons still.

As conference visitors for the ensuing year, we recommend the pastors resident in Jacksonville, and the presiding elders at the Jacksonville, West Jacksonville, Springfield and Decatur districts.

### READ THIS:

Jacksonville, Ill., Aug. 24, 1904.—For twelve years I have suffered from sweet diabetes and have spent hundreds of dollars with various doctors, with but little benefit. I was recommended to try a bottle of Texas Wonder, Hall's Great Discovery, and will cheerfully testify to the public that it did me more good than all things else put together, and am, altogether another man. I have persuaded many of my friends to try it.

## BIRTHDAY PARTY.

Mr. and Mrs. T. C. Dwyer, residing three miles northwest of the city, gave a party Sunday in honor of the fifth birthday of their daughter Ella. A number of guests attended and the occasion was one of great pleasure for all present. At the proper hour the guests were led to the dining room, where the table was spread with an abundance and where each one did justice to the many good things before them. Just before the hour of parting, when all had enjoyed the day, delicate refreshments were served.

Those present were: Mr. John Knoepfel, a grandparent from Bluffs, Ill.; Mr. and Mrs. T. P. Calhoun and family, Mrs. Belle McDonald and family, Mrs. Ooley and family, S. L. Austin and family, Mrs. Nation, James Boston, Mr. and Mrs. J. L. McDonald, Miss Nellie McDonald, Miss Lena Trotter, Dimmitt Trotter, Samuel Francis, Alvie McDonald and family.

## BETHEL.

Weather pleasant at this writing.  
Miss Ollie Ingram returned to her home near Arnold Sunday, after a few days' visit with Mrs. W. H. Fisher.

Mrs. William Brewer and son, Earl, of Little Rock, Ark., are visiting relatives here.

Edward Nash was a Sunday visitor in Jacksonville.

Charles Taylor and Bert Huddleston were Bluffs callers Sunday.

Charles McNay received word Thursday from Prof. R. O. Stoops, of Illinois college, tendering him a free tuition for one year at Whipple academy for being the highest ranking pupil in the final examination last spring.

Edgar Finson enlisted in the United States army at Jacksonville last Thursday and was sent to Columbus, Ohio, where he will be drilled and then assigned to a regiment.

Spencer Reeves, of East St. Louis, was visiting his daughter Mrs. Richard Medloe, Sunday.

John Owens bought of R. B. Wal-

lace the Reeves property; price paid was \$110.

Remember the public sale of J. H. Fountain and Anderson Bros., to be held Sept. 23.

The new school house will be ready in a few days.

## CARD OF THANKS.

We desire to extend our sincere and heartfelt thanks and appreciation to Carpenters' union No. 904 and the Masonic order of this city, and to all kind friends and neighbors who so kindly assisted us in the affliction and loss of our devoted husband and father; also for the many beautiful floral offerings.

Mrs. G. W. Marden and Family.

## ART LESSONS.

Those desiring the best instruction in drawing and painting or the decoration of china should see Miss Knopf at the Woman's college. Arrangements may be made for short or full term work.

The ignorance as to Judge Parker's view on national issues is exceeded only by the indifference to them.

The sectional issue will not profit the Democratic party any more this year than it did in 1896 and 1900, when Mr. Bryan sought to array the East against the West.

Judge Parker's statement that the Republican Senate would prevent the Democrats from doing any damage for the next four years was probably just his way of reassuring the American voters.

West Virginia, a manufacturing state, is not ready to get into the freck class by supporting a platform which declares "protection is the robbery of the many to enrich the few."

With the negative candidate and a cause that does not appeal to any considerable number of public spirited persons, the Democratic prospect is hopeless as it was in 1900.

It would be interesting to have a list of the Democratic Congressmen who are seeking reelection in the Middle and Western states on their argument that the "gold standard is irrevocably established."

Regarding the proposition now before the council for a permanent water supply, the Journal urges every citizen of Jacksonville to carefully consider the matter. Messrs. Mackey and Gardner, who present the proposition, are men who come to the city with the best of references as straightforward business men, and they present a bond of \$10,000 to be forfeited to the city in case of non-fulfillment of their contract. It is a business-like proposition and there should be no attempt at evasion on the part of the board of aldermen. We know we need the water. It is equally well known that the city cannot furnish water from the river. The money is not in sight. The question has been before the council and the people for several years and even the ordinance, with some minor changes, has been once before adopted by the council, after thorough investigation and careful study. There is nothing new in the proposition, except that the gentlemen now here are prepared to give a good bond for the immediate carrying out of the provisions of the ordinance just as soon as it becomes a law. Failure to act promptly will be nothing less than criminal. The Journal does not attempt to dictate how any man shall vote regarding the matter, although it believes the proposition a fair one; but it does urge prompt action on the part of the city authorities. The ordinance will come before the council Thursday night. There is time for consultation with the people of the city, and with the proper legal authorities, and it is just as well to meet the issue squarely as to attempt to defer action indefinitely for the sake of a talkfest.

TWO KINDS OF ECONOMY.

It was a Democrat, no doubt who wrote to the New York World, suggesting that the collection of all the burnt matches for kindling would prove a wise economy in this wasteful age. There once was an old adage about seeing a pin and picking it up and the boys of half a century ago were advised to save all the pieces of string they found for kites and tops. Those old economic saws were all right in their day, for pins and strings

were not as cheap then as now. The man who would go about picking up pins or collecting burnt matches for kindling would possibly earn five cents a day and find it very unprofitable employment.

Economy is not to be despised, but there always has been two kinds of economy, one of miserly saving and the other of economic and wise expenditures of one's talents.

The Scriptures condemned the servant who saved his talent without putting it to use and commended the servant who invested his and multiplied it ten fold.

The criticisms of Republican extravagance by the Democratic orators are on par with those of the man who lectured the people on not saving burnt matches. Economy is a watch word with the Democratic party, and for forty years it has been promising to economize in expenditures if entrusted with power. They tried it twelve years ago and the result was not a happy one. They expended less but it was more than their income. Their economies compelled the people to pick up matches of any other old thing and patronize the public soup kitchens. The Cleveland Administration expended more than its income every year and sold bonds to secure money to pay the ordinary expenses.

The Republican party has not followed that economic policy. It has not despised burnt matches, but it has not made the people to pick them up because it has given them more profitable employment. It has followed business principles and encouraged the earning of more money that more might be spent for the comforts and even luxuries of life. The Republican Party has not looked upon the workingman as one who should be compelled to drudge and slave and save by picking up pins and collecting burnt matches. It has tried to so conduct the business of the Government as to encourage enterprise as well as economy and create work and wages that would enable the people to live in comfort. It has been successful enough to keep wages on the increase and ever gaining on the cost of living. The policy of protection has shut out the pin picking and burnt match collecting labor of Europe and enabled our workingmen to give their attention to better things. It is the better kind of economy. The last Cleveland Administration was a good example of Democratic economy and in four years increased the interest bearing debt from \$585,000,000 to \$685,000,000, or more than \$100,000,000. This was in four years of peace. The McKinley Administration had to deal with a foreign war and the insular questions which followed that war, but it only increased the interest bearing debt \$198,000,000, and the Roosevelt Administration has made a reduction of \$131,500,000 even with the increased cost of the army and navy. This is the kind of economy which is in harmony with business methods.

NEW COURT AT EAST ST. LOUIS

Springfield News: Judge J. Otis Humphrey and Deputy United States Marshal E. E. Watts have returned from East St. Louis, where they went yesterday to arrange for the holding of a term of the United States district and circuit courts at that place in November. This is an extra term of the court provided for by a statute passed at the last session of congress and rendered necessary by the large increase of business in that portion of the southern district of Illinois. The court will meet at East St. Louis on Nov. 9. The object of the visit of the judge and marshal to East St. Louis was to make the necessary preliminary arrangements and to secure quarters for the court. A large number of cases filed in the court are from that place owing to the large railroad interests centered at East St. Louis, and the rapid growth of the city. It is believed that it will save expense to have the court sit there at least one month in the year.

The jury for the October term of the district court at Cairo was drawn to day. The term will open in that city Oct. 10.

SOUR STOMACH.

When the quantity of food taken is too large or the quality too rich, sour stomach is likely to follow, and especially so if the digestion has been weakened by constipation. Eat slowly and not too freely of easily digested food. Masticate the food thoroughly. Let five hours elapse between meals, and when you feel a fullness and weight in the region of the stomach after eating, take Chamberlain's Stomach and Liver Tablets and the sour stomach may be avoided or sale by all leading druggists.

## ROOSEVELT LEAGUE

Branch of the Organization Per-fected in Jacksonville—Large Membership Roll.

The following is a list of the members of the national Roosevelt league, whose members are either German or of German descent. The Illinois committee is composed of E. G. Halle, president; E. J. Dewes, treasurer, and R. C. Leibrich, secretary. The work of organizing the league locally was entrusted to Mr. Mathew Minter and through his efforts he has secured a membership roll that is a credit to the party and to the individual effort he has put forth. Mr. Minter is one of the district vice presidents of the league.

The membership roll is as follows:

Mathew Minter	John Minter
L. A. Minter	J. P. Claus
L. G. Minter	C. A. Mode
Edward Krieger	Phil. Thackman
Edmund Krieger	Harry Krieger
Owen Krieger	Frank C. Pleunburt

Edmund Krieger	Peter Meier
Edmund Krieger	George J. Yeck
Edmund Krieger	Charles Antrater
Edmund Krieger	D. W. Hagel
Edmund Krieger	Wm. L. Gillenberg
Edmund Krieger	Henry Shumm

An invitation is extended to all persons who are of German descent to join the Roosevelt league, and many additions will no doubt be made to the large list of members already secured.

Teach the boys as well as the girls the proper way to put the bedclothes to air over two chairs in the morning and also occasionally give the boys a lesson in simple cooking by having them help prepare breakfast. The lad who can make a good cup of coffee, broil a steak and serve them will lose nothing of manliness, but may find the knowledge useful in after life.—Pittsburg.

The Useful Onion.

All white meats gain in flavor from a delicate onion admixture with the gravy. The onion is to be grated and put over the meat before it has just finished roasting and then blended by beating. In this way one avoids the burned onion slices which sometimes result from other methods and which have, in a way, caused the addition of onion to be regarded with disfavor.

Cleaning Water Bottles.

To clean water bottles and decanters mix together half a gill of vinegar and a handful of salt. Shake well in the decanters to be cleaned, and no matter how discolored this treatment has been tried and found successful.

Stain For Pine Wood.

To stain pine wood the color of black walnut use a mixture of one-fourth of a pound of asphaltum, one-half pound of beeswax and one gallon of spirits of turpentine. If not thick enough to spread well, add more wax.

## That \$100 in Gold

Unfortunately, up to Saturday night, Sept. 3, there are still almost 500 keys to the \$100 box still out among our numerous patrons, or lost and misplaced. If an advertising plan ever was run on its merits, just and honestly, this one has been, but if people don't bring in the keys to be tried, it will be impossible for us to find the right key, and eventually we will be forced to donate the money as advertised to the hospitals. It does not belong to us.

## Your Last Chance

We will try keys up to MONDAY, OCTOBER 3, and if the right key cannot be found the money will be divided and donated to the Passavant Memorial hospital and Our Savior's hospital. DON'T WAIT, BUT BRING IN YOUR KEYS

**Peoria Man Dies While Sitting in a Chair—New Baptist Church at Ashland—Other Notes.**

Peoria—While sitting in a chair at his home Monday morning Eustace Hyde Smith, for more than sixty years a resident of Peoria, was attacked by heart disease and expired. He was talking to his niece when the end came. Mr. Smith complained of his heart troubling him Sunday. He was 82 years old.

Ashland—The foundation for the new Baptist church is being laid by James D. McCarthy, a contractor here. The church is to be a fine structure with brick foundation and to cost about \$10,000. Part of the money will be raised by subscription. William Walbaum, a wealthy farmer residing east of Ashland and a prominent member of the church, has pledged to give the remainder. A short time ago the congregation purchased the old J. B. Lohman residence for a parsonage. The Dunks are desirous of purchasing the building now used by the Baptists as a church and in all likelihood the deal will be made.

Modesto—Arthur Nevins, residing northeast of Modesto was seriously injured in a runaway accident. He was thrown from his vehicle and hurt about the neck and head. It is believed his injuries will not prove fatal.

## MATRIMONIAL

MONTGOMERY WILDI.

Miss Hedwig Louise Wildi, of Highland, and John F. Montgomery, of Chicago, were married at the home of the bride's parents, Mr. and Mrs. John Wildi, in Highland, Ill.

The bride is the only child of Mr. and Mrs. John Wildi and was born in Highland. After graduating from the local high school, she also graduated with honors in 1902 from the Illinois Woman's college at Jacksonville.

Mr. Montgomery is well known, having been employed for a year as advertising manager of the Helvetia Milk Condensing company. Last December he embarked in business for himself in the northern metropolis and is doing exceptionally well. His work consists in soliciting advertising for a number of popular magazines.

After October they will be at home at 117 Newgard avenue, Rogers Park, Chicago.

Mrs. Montgomery has a large number of friends here, as she attended the Woman's college and was known to many here.

CURTIS-SEYMOUR.

Ralph A. Curtiss, of St. Louis, and Miss May Seymour, of Franklin, were united in marriage Tuesday evening by Rev. A. L. T. Ewert, at Centenary parsonage.

**TAILORS' UNION.**

At the regular meeting of the Tailors' union last night, at Trades Assembly hall, William Suhly was elected president to fill the vacancy caused by the resignation of Frank Montley, who has removed from the city. A. F. Strandberg and William Suhly were elected delegates to the Trades and Labor assembly to fill vacancies. The union is now in fine condition and is doing all in its power to advance merchant tailoring and to protect home trade.

**PROF. F. L. STEAD HOME.**

Prof. Franklin L. Stead, of the College of Music, returned Monday from a three months' trip in Europe, spent in study under some of the best European musicians. Most of the time Professor Stead was in Paris and took courses under some very celebrated artists. He returns to the college greatly pleased with the work of the summer and after a most enjoyable trip.

Inventor Holland's flying machine, that will be sold for \$10, will weigh but twenty-five pounds and will consist of a bamboo frame attached to the hips and propelled as a bird propels itself through the air. ## GUN CLUB SHOOT

**Large Number Participate in Contest at Nichols Park—Lewis and Gilbert Made Highest Scores—Will Shoot Again to Day.**

The first day of the first annual tournament of the Nichols Park Gun club, held Tuesday, was a grand success. There were nearly fifty participants. There was a large crowd present to watch the contest, which began at 10 o'clock in the morning, and was not concluded until late in the afternoon. The local club is identified with the Illinois and Indiana circuit, and four other shoots are to take place in this circuit between now and Oct. 18. The shoot was conducted under the American association rules and only amateurs were allowed to compete for the purses. The purses were divided as follows: 40, 30, 20 and 10 per cent.

There were eight trade representatives present and the best score made by these gentlemen was made by Mr. Gilbert, who broke 193 targets out of 200. Mr. Crosby was a close second, as his score was 192. The best amateur score was made by Mr. Lewis, who broke 187 targets out of 200.

For the members of the local club James Groves made the best score, breaking 170. Masters also did well, having a score of 173.

There were twelve events on the program Tuesday and there will be the same number to day. The shoot will take place to day, rain or shine.

The following table shows the results of the shoot yesterday. The first eight names are the names of trade representatives. Others who participated in only a few of the events yesterday were: E. Ranson, Benson, Perry, Buckthorpe, Wiseman, Brown, H. W. Seymour and Matthews.

**W. F. MAYHON HERE.**

W. F. Mayhon, of Chicago, well known here in connection with a water works system for Jacksonville, was in the city for a few hours Tuesday.

Mr. Mayhon had a short conference with Mayor Davis and stated that he was still trying to interest parties in the last proposition he submitted to the city council, which was to locate a water plant near the site of the present pumping station. Mr. Mayhon left Jacksonville on an afternoon train.

D. C. Campbell, an Alton attorney, was in the city on business yesterday and left in the afternoon over the Wabash for Springfield.

**THE BALTIC FLEET.**

Berlin, Sept. 13.—The Tageblatt's St. Petersburg correspondent telegraphs that the departure of the Russian Baltic squadron has at the last moment been deferred, apparently to await news from the far east. The fleet will remain for the present at Reval.

J. J. Johnson, of Bloomington, claim attorney for the Alton, arrived in the city Tuesday for a brief business visit.

**CATHOLIC KNIGHTS.**

St. Louis, Sept. 13.—More than 4000 Catholic Knights of America, from every part of the United States, to day celebrated Catholic Knights' day at the fair. Many of the representative men of the order were present.

## Y. M. C. A. STATE CONVENTION

Will Be Held at Alton Oct. 21-23 Features of the Program.

The thirty-second annual state convention of the Illinois Young Men's Christian association will meet in Alton Oct. 21-23. There will be reduced rates on all the railroads and a large and successful convention is expected. The first convention met in Bloomington and was attended by seventy-four delegates. The last state meeting in Rockford was attended by 374 delegates, which is significant of the growth of the movement. The following are some of the features of the Alton convention spoken of in the preliminary announcement sent out by the state organization:

Four addresses by S. D. Gordon, on themes pertaining to the religious life. Institutes on Association problems, under leadership of Frank H. Burt, L. W. Messer and others.

Delegates' banquet. Addresses by G. N. Bierce, of Dayton, Ohio, and others.

Evangelistic meeting for men. Addressed by the well known evangelist, Rev. Henry Ostrum.

Addresses by Dr. A. K. de Blois, Dr. Ira Landrith, Rev. Henry Ostrum, G. N. Bierce and others.

Music. Led by John P. Hillis, of Greencastle, Ind.

Social gatherings, lunches, teas, promoting acquaintance and fellowship.

Special meetings of college men, town men and physical department men for the closer study of phases of their particular work.

Time shortened one day, enabling delegates to the more easily combine a trip to the St. Louis exposition with the convention. Alton is but a short distance from St. Louis and has rapid suburban service.

## CONTINENTAL PARTY.

Chicago, Sept. 13.—At the state convention of the National Continental party, which was held to night, the following nominations were made:

Governor—A. G. Specht, Chicago. Lieutenant governor—W. B. Kerney, Chicago.

Secretary of state—R. C. Cox, of Chicago.

Attorney general—D. W. Proctor, Willmette.

Auditor—E. Cheney, Chicago. The nomination of a candidate for superintendent of public instruction was left to a committee of nine. The convention was in session twenty-two minutes.

## APPOINTED TREASURER.

New York, Sept. 13.—Chas. R. Hall, an attorney at law of New York, was to day appointed assistant treasurer of the national Democratic committee. His position was created that the financial end of the campaign may be instantly kept in hand, as it is impossible for Treasurer Peabody to give his entire time to the work.

## FIRE LOSSES.

Bloomington, Ill., Sept. 13.—Fire to night caused \$25,000 damage in the village of Standford, ten miles west of here. Many buildings, including the postoffice, were destroyed.

## NEGRESS ADMITTED TO BAR.

Lexington, Ky., Sept. 13.—For the first time in the history of Kentucky, a colored woman has been admitted as a member of the bar, and licensed to practice law in this state. She was examined before the circuit court and passed. She is Mrs. S. J. S. White, of Louisville.

## REVOLUTIONARY LEADER DEAD.

Washington, Sept. 13.—Minister Finch ended the state department from Montevideo to day Savaria, military leader of the revolution in Uruguay, is dead.

Paul Morton, the new secretary of the navy, says that any man who does not pay his debts can not remain in the naval service. If a lot of our people were in Uncle Sam's navy Morton would have to give them the g. h. and that p. d. q. for they've got the won't-dig-up habit bad.

## HERE TUESDAY

Quarterly Meeting of State Board of Fire Underwriters and Field Club—Fifty State Agents and Adjusters Present

The quarterly session of the Illinois state board of fire underwriters and the Illinois Field club was held in this city Tuesday, and about fifty state agents and adjusters were present. They represented all sections of the state. Both organizations held separate sessions in the morning; the state board meeting at the Pacific hotel and the Field club meeting at the Dunlap hotel. In the afternoon a joint session was held at the Pacific which lasted the entire afternoon.

The business transacted was of a routine character and the questions of rates, schedules, and the hearing and discussion of complaints occupied the attention of the representatives present.

The officers of the two organizations who were present and presided at the sessions held yesterday, are: J. J. Johnson, of Chicago, and C. F. Perseh, of Chicago, president and secretary of the Illinois state board of fire underwriters, and Waite Blivin, of Chicago, and C. G. Meeker, of Chicago, president and secretary of the Field club. The former organization is union and the latter is non-union.

Representatives were present as follows: Walter Dean, R. M. Bennett, W. L. Bennett, F. B. Luce, F. H. Bruker, H. M. Beck, D. P. Coffman, W. H. Maxwell, H. W. Murray, Guy A. Richards, W. J. Sonnen, George A. Abens, N. E. Briggs, W. Mink, H. F. Espenshield, L. S. McNary, Fred S. Wise, W. H. Braun, Charles G. Law, J. G. Stauffer, W. H. Munns, M. S. Moore, H. Hudler, H. M. Zweig, J. W. Robertson, J. G. S. Best, J. A. Daggett, all of Chicago; George C. Gill, of Quincy; J. O. Gable, of Peoria; J. H. Bastert, of Quincy; H. Streuther, of Pekin; L. J. Hubbell, of Springfield; G. H. Rayburn, of Peoria; Frank Addison, of Clinton, and W. H. Kinney, of Springfield.

## COLLEGE CELEBRATION

## ARRANGEMENTS ARE WELL UNDER WAY

Bernard Moser, of Original Philippine Commission Will Be Here—Excursion Rates on All Railroads—Convocation Tent.

Arrangements are progressing satisfactorily for the anniversary celebration of Illinois college, to be observed Wednesday, Thursday and Friday of next week. The attention of every citizen is called to the fact that they are invited and urged to make this celebration their celebration, to attend the exercises on the hill and in every way possible enter into the spirit of the occasion.

It should be constantly borne in mind that this anniversary will be remarkable in the number of distinguished men who will be present. These men pay their own expenses and they honor the institution with their presence because it is one of the oldest educational institutions east of the Allegheny mountains. It is seldom, indeed, that any city has the opportunity to entertain so many persons of distinction and the citizens are urged to co-operate with the entertainment committee in providing places of entertainment and in extending every courtesy to the guests who will be here during the anniversary.

Everyone is urged to arrange their plans to be present at the exercises on the college campus Wednesday, Thursday and Friday.

A convocation tent will be erected east and south of the Jones Memorial building with a seating capacity of 2000. The seats will be arranged with a view to the comfort of all and the seats will be placed in the center capable of seating 500. The seats will be arranged compactly, so as to enable all to hear clearly and distinctly.

The merchants of the city are asked to decorate their show windows in the college colors (blue and white) and all citizens are requested to decorate their homes with flags or bunting, or both, during the three days of the celebration.

The railroads have granted excursion rates for a radius of fifty miles and 25,000 handbills have been sent out to the various places near Jacksonville, and in some instances it is planned to bill the separate towns.

President Barnes recently received word that Bernard Moser, of Berkeley, Cal., one of the original commissioners to the Philippine islands, would be here. Another distinguished visitor will be George H. Howison, professor of philosophy in the University of California, and a man of wide reputation.

Delegates from many colleges and education and literary societies will be present and all delegates will be extended special courtesies and entertainment. Their names and the institutions they represent will be published on the program.

The college campus already presents a very neat and attractive appearance and work is still being done. The exterior and interior of the college buildings will be decorated in honor of the occasion. The only building which will receive elaborate exterior decoration will be the Jones Memorial. Flags will be used on the other buildings. The interior of the college gymnasium, where the alumni banquet will be held Thursday evening, will be elaborately decorated with the college colors, flags, palms, potted plants, etc.

The various committees are hard at work and if all give the hearty co-operation needed the seventy-fifth anniversary of Illinois college will be a memorable event and will redound to the honor of the city and to this pioneer institution whose establishment in our midst has been worth and is worth to day thousands of dollars annually. In fact, the value of Illinois college to Jacksonville can never be measured in dollars and cents.

## CONVENT GETS LEGACY.

Springfield Journal: A legacy of \$20,000 is left to the convent of Our Lady of the Sacred Heart by the last will and testament of Mrs. Catherine McMillan, which was filed for probate yesterday in the probate court. Mrs. McMillan, who died recently, had resided at the institution for more than a year. She left personal property amounting to \$40,000.

Frank Elliott, of Jacksonville, who is named as executor of the will, is instructed to convert all of the decedent's real estate into cash and to hold the money in trust. After the legacy of \$20,000 is turned over to the convent, one-third of the remainder of the estate is to be given to her brother, William R. Routt, and another third to her sister, Mrs. Mary A. Lewis, both of Jacksonville.

The sum of \$6,000 of the remaining one-third is to be given to Richard Newman, the infant son of Mrs. Charlotte Newman, of Denver, Colo., and the remainder is to be divided equally between Benjamin L. Newman and Charles Newman, and who now live in Chicago.

There will be a sale of hand made stocks Wednesday and Thursday at my home, 708 South Main street. Mary A. Huntley.

## DEATH RECORD

## DUKE.

The venerable Jacob Duke, passed away Tuesday morning at his home on the corner of Church and Marion streets, in this city. He was born in Tennessee and must have been more than 90 years old at the time of his death, though he was not positive regarding his age. His early life was spent in slavery, but he enlisted during the civil war as a corporal in Company D, Fifty-fourth United States colored infantry, and was a good soldier. He was fortunate in being in the regiment of Col. A. B. Kelly, later of Camp Point, and a firm friendship existed between them until the time of Colonel Kelly's death a few years since. He was married, but, like others in bondage, was separated from his wife and never saw or heard of her afterward. He came to this place soon after the war and has resided here ever since. He was married not long after his arrival here to Aunt Abby Allen, who died many years ago. Later he was married to Mrs. Elizabeth Lewis, who passed away a few years since. He has had the affectionate care of a stepdaughter, Mrs. Robinson, who has done all in her power for his comfort and welfare. He has a son, Isaac, a man of fine character, who lives in Reece, Kans., and who would have been glad to have his father with him had the old gentleman been willing to go, but he preferred to remain at his old home.

Mr. Duke was a man of more than ordinary ability and as long as he was able to work was steady and industrious. He was much respected for his good qualities.

The funeral will probably be conducted Thursday afternoon.

## LAUNDRY MEN.

Kansas City, Sept. 13.—The National Men to day elected W. C. Lloyd, of Charleston, S. C., president; W. E. Pitch, LaSalle, Ill., secretary.

## DEATHS.

Washington, Sept. 13.—J. S. Potter, former United States consul general in Prussia, is dead, aged 82.

## The Hidden State.

Find five states, such that the first letter of the first state, the second letter of the second state, the third letter of the third state, the fourth letter of the fourth state and the fifth letter of the fifth state shall spell the name of a coast state. The first state has the nineteenth parallel of latitude passing through a section of it. The second has the seventy-seventh, the third the one hundred and tenth, the fourth the eightieth and the fifth the ninety-fifth. What are the five states, and what is the hidden state?

## Tommy's Funny Question.

"It is no use," said Mr. Jones. "I cannot fish today. As fast as I throw out my line The fishes get away."

THE FISHERMAN.  
"Oh, please," said Tom so timidly—  
"His language almost falls—  
"Please, do the fishes get a weigh  
Because they carry scales"
